Local Troops to Canvass Borough for Needed Funds Tomorrow Night

Have the welcome mat face-up and a buck in your hand tomorrow night.

Because chances are that you'll be having at least one caller that night, who'll want both the buck and the welcome.

AND THAT'S JUST what you'll be doing when you chip in your buck. Pottstown desperately needs \$150 to get \$72,000 in Federal and State grants to build an up-to-date airport.

THEY TRIED to keep each troop canvassing in its own bailiwick. But the run-down on who will cover what:

Government Forces Claim Capture of Key Manchuria Base

NANKING, Oct. 12 (P)—The government announced today its second major victory in Manchuria in two days—the capture of the Communist field base of Changwu, 60 miles northwest of Mukden.

If confirmed, this would be a serious blow to the Communists. Changwu is a control point on the railway from North Manchuria and Harbin, over which the Reds move troops and supplies.

Gen. Lin Piao, Communist commander for all Manchuria, is believed to have used Changwu as headquarters in directing the current drive to smash all land routes between Manchuria and China proper.

Changwu was so highly regarded by the Communists that they made it a No. 1 objective when they began the vast encircling movement that the past year isolated Mukden except by air.

THE LOSS OF Changwu would rob Lin's troops of much of their mobility, and ease the pressure on Chihshen, Mukden's supporting base in Southwest Manchuria. Chihshen has been under close Red assault.

Only the day before the government reported it had recaptured the South Manchurian port of Yingkow and established land communication with Mukden to the north.

A government spokesman, who announced Changwu's recovery, gave no details. Troops from Mukden, however, have for some time been attacking the Communists on the front west of the city in an attempt to ease Red pressure on Chihshen.

While the government painted a brighter picture in Manchuria, Press dispatches indicated fresh trouble in East China where the Reds were reported attacking the outer defense base of Suchow.

THIS MAJOR BASE 180 miles northwest of Nanking has been expected since a move ever since the Communist armies of East China under Gen. Chen Yi, conquered Tsunan, capital of Shantung province.

Press dispatches said Nanking-bound trains out of Suchow were crowded with families of government officials and officials.

Educators Report Nation Will Need Million New Teachers in 10 Years

WASHINGTON, Oct. 12 (P)—The United States will need 1,300,000 new teachers in the next ten years, a commission of educators said today.

At the present rate of training, the commission added, the nation is only going to get about 200,000. Many of these, the report said, will be "poor ones" able to offer little more than "mad service."

Eleven educators compose the National Commission on Teacher Education and Professional Standards, a national education association unit which reported at a news conference today on its recently completed survey of educational needs.

The commission said that in the next ten years the United States will need 1,300,000 new elementary teachers, 243,720 new secondary teachers and 100,000 new college teachers.

"THE MOST CRITICAL need," it said, "is for elementary teachers."

Paul V. Sangren, Kalamazoo, president of the Western Michigan college of education, pointed out that a similar emergency arose after World War I, but it was met successfully.

Upper Pottsgrove Firemen Appoint Rhoads President

By a wide majority, Collier Rhoads was elected first president of the newly-organized Upper Pottsgrove Fire company at a meeting in the township's consolidated school Monday night.

A report by Edward W. Hughes, who was elected financial secretary, showed that there is \$500 in the treasury and that 27 members have enrolled, including three life members.

The company voted to accept junior memberships without collecting any fees—as part of a youth program.

ONE OF THE new president's first actions was to call a meeting of township women in the school Monday night at 8 o'clock for the purpose of organizing a ladies auxiliary.

Other officers elected were John Probst, vice president; Michael Groff, recording secretary; Robert John, Robert Patterson, Ray Henry, Forrest Probst, and Robert Heimbach, were named as directors.

Committees appointed by Rhoads were:

Construction and by-laws, Dr. Oscar Sussell, chairman, and Paul Firing, Horace Tyson, Harold Rhoads and Maurice Harterstein; ways and means, George Mohler, chairman, and Patterson, John, Hughes, Firing and Russell McDonnell.

THE GROUP VOTED TO accept the offer by Rhoads and his wife of a 100-by-200 lot on Route 100 across from Mohler's garage as the site for future building of the company. It will be surveyed and deeded.

Pottstown Fire Chief Richard E. Lindauer addressed the new company, confirming the need for it, welcoming it to the ranks of area firemen and volunteering the full assistance of his office.

Robert Roth, assistant Pottstown chief and company chief of the Good Will firemen, congratulated the members "for making such a good start."

It was agreed that the meeting of the company will be the second Monday of each month. The next session will be held, Nov. 8, in the school at 8 p. m.

State Loan Groups Meet at Pittsburgh

A debate on the threat of an economic collapse will be the main theme of the 11st annual meeting of the Pennsylvania Savings and Loan league which begins at Pittsburgh today, President Carl F. Troutman, Douglassville, RD 1, announced yesterday.

Troutman, who is manager of the First Federal Savings and Loan association, said the speakers for the three-day meeting were selected to advise local home loan association officials on the best methods of protecting members' investments of \$900,000,000 in home loan and mortgage plans.

Dr. Charles S. Tippetts, Mercersburg academy headmaster and former University of Pittsburgh business school dean, will be the leading speaker. He recently declared he foresaw a depression in America by 1950 or 1951. Dr. Tippetts will discuss "The Economic Outlook."

He will be opposed by James G. Downs, Real Estate Research corporation president, Chicago, who feels there will be no slump in American Business for many years. Downs will talk on "The Outlook for Real Estate."

Lester Rosen Wins Commander's Post Of Jewish War Vets

Leblanc-Friedman-Kessler Post 363, Jewish War Veterans, held its election of officers Monday night, with Isadore Princenthal, Morton Schoenberger and Joseph Raden winning the only real contests.

Lester Rosen was elected commander without opposition, succeeding David Kessler, while Gerald Princenthal was named senior vice commander.

Isadore Princenthal edged out Milton Stein by three of the 40 ballots cast in the race for junior vice commander.

SCHOENBERGER defeated Alvin Weiss for the post of adjutant, while Samuel Berger lost to Raden in the quartermaster contest.

Robert Miller was elected judge advocate.

The post voted a \$25 contribution to the Community Chest, and agreed to send a color guard to the Oct. 25 Chest parade. In it will be Rosen, Raden, Miller and Sydney Pollock.

The group received an invitation to attend a soccer game between the U. S. Olympic team and the Israel team in Philadelphia Thursday.

The installation of officers will be held at an unspecified date next month and will be followed by a dance.

Higher Taxes for Pottstown

POTTSTOWN'S broke!
There are some members of the municipal government who will dispute that ungrammatical statement. But admissions of the past few days show that the borough's financial condition is badly bent if not broken.
Just a few days ago Borough Manager Dow I. Sears declared the borough faces financial embarrassment when the State claims down on its river pollution orders. When Pottstown will be forced to build a more efficient sewage disposal plant, the borough will reach near-exhaustion of its borrowing capacity, Mr. Sears sadly admitted.
Then, Monday night, council was startled when Councilman Allan K. Davidheiser proposed to borrow \$25,000 to complete the street building program.
Pottstown has only \$26,000 outstanding in taxes. Part of that will be lopped off through exemptions. Some of it will become uncollectible.
So if Pottstown borrows \$25,000 in short term loans, it'll mean the borough faces an empty treasury for the remainder of the year. It won't be legal to borrow any more money on short term loans.

The depleted condition of the borough treasury must be a sad blow to those optimistic councilmen who thought they could lower the tax rate in 1949.
That's certainly out of the question. Citizens rather should cushion themselves to the shock of increased taxation.
Operation of the water company has proved a drain to the borough, and already higher rates — or lopping off the discount are planned. In addition, there has been talk of a sewer tax.
Those two excuses would impose a heavy burden on taxpayers. Depressing as the outlook appears, trial balloons sent up by council indicate that Gus H. Public is going to take another blow to his pocketbook!

The Middle Name

WHETHER President Truman's initial stands for Solomon, as a cousin says, or whether the S is all there is to it, as a biographer says, we think the subject properly comes under the heading of "Truman, Harry, Business, of Private."
A man's middle name ought to be his own classified information, if he chooses.
Even if it is a perfectly sound middle name, he looks as overdressed with it as a person who habitually uses his middle name looks naked without it.
Often, furthermore, it is not just a perfectly sound middle name, but one that sounds completely foreign to him, having been put in there for family or other sentimental reasons.
Something else that has to be considered is that young children, or excessively jolly older people, are apt to start calling a person by his middle name, on the grounds that it keeps them amused.
Persons have enough to put up with from their first names, particularly the spindly Samsons, the unromantic Romeos, the near-dreadful Euchs, and the like.
The middle initial of anyone who comes prying around middle names is M, as far as we are concerned, and the name is Mtd.

4 Feet, 8 1/2 Inches

MEASURE the distance between the rails on any railroad in this country. You will find that it comes out to precisely four feet, eight and one-half inches. The only exceptions are a few special purpose narrow gauge lines.
Anyone can understand the vital importance of standardization of railroad tracks. Any car, no matter where its point of origin, can go anywhere in the country. Any locomotive can be hitched to any train. Any yard can handle repairs and maintenance of rolling stock. And so the products of our farms and factories can be moved swiftly and economically from one end of the nation to the other.
But the standard gauge railroad track didn't just come full-fledged into being. In the early days, there were a dozen or so different gauges. Some were as narrow as two feet and some as wide as six. The complications that caused are obvious. If goods had to be moved over different lines, a long series of expensive unloadings and reloadings was frequently necessary.
So the standard gauge was devised and adopted. And that was done by voluntary cooperation among the railroads of the country. They compete aggressively among themselves to get business—but they work together in a common cause in matters concerning the betterment of their service to the public. That has been a guiding principle during the industry's entire dramatic history.

Anti-Nazi, Dr. Weber Are Extremists, He Opines

Both Lack Vision
To the Editor: In reference to Anti-Nazi's remark "The good Dr. Weber loves his enemies just a little too much," ("Amazed at Change of Face," Readers Say, Oct. 11), suppose we build a simple analogy between Anti-Nazi, Dr. Weber and an imaginary Mr. X.
We might use music as our background pattern. Can you visualize the soft-spoken opinions, concerning Germany, of Dr. Weber, as light, superficial, ideologically biased, but yet sincere, like the tones of a symphony orchestra's string section?
Don't you hear the unharmed, but unguessed, forceful, but snail-paced section, so well played by Anti-Nazi?
But a balance of tone and clarity is suddenly struck when Mr. X, of the woodwinds, injects "that note of leadership and vision into the score."
Perhaps this analogy is incongruous but I believe it does convey an idea. Our convictions concerning Germany should not be twisted or warped by past events, but should be flanked with foresight and vision.
"As goes Germany, so goes all of Western Europe," economically, and politically—not my phrase, but that of one of our foremost political observers. Our present occupation zone in Germany is the only real outlook against Communism in all of Europe. Should we lose it, our front lines are once again the Atlantic Ocean.
Both Dr. Weber and Anti-Nazi could be wrong. It is neither the velvet touch nor the rabbit punch, that will most bene-

fit us in our relations with Germany, but rather the strong hand of correct leadership.

Limerick Needs Modern School
To the Editor: As a long-time observer in this section, I am happy to see that the Limerick school board is taking a big step toward providing the township with a modern school building.
I noted that some opposition is arising from those who don't have children in school. It may mean an increase of a couple of mills in their taxes.
This selfish attitude cannot be condoned at a time when education everywhere is making great strides. The sacrifice which these taxpayers must make—and they probably are in the minority—should be overbalanced by the pride they will have in their community's progress.
Why Limerick should lag behind its neighboring townships in community progress, I do not rightly know. It took a few public-spirited citizens to get a fire company into operation without the aid of township funds. Even then, the firemen couldn't get enough help to afford a private telephone.
Surely Limerick won't be content to plod along for years with its outmoded schoolhouses.

Snapping Dog on the Loose
To the Editor: Well, here is another person sick and tired of reacting about persons defending dogs (Dog Loving Has

Its Limits," Readers Say, Oct. 11).
Several weeks ago I reported to the police at borough hall about a black dog on Chestnut street that snapped at my wife.
So what happens? This past Friday, this same dog chased and snapped at her at 7 a. m. and was still loose that evening.
Now if the police department doesn't do anything and the owner does nothing about it, just what are we supposed to do?
It's pretty bad when you cannot walk down Chestnut street without being snapped at.

Solicitor's Job 'Farmed Out'
To the Editor: Who is Pottstown's borough solicitor?
I read in so many of your reports on borough affairs that L. Stanley Mauger is advising councilmen on legal matters. You refer to him as assistant borough solicitor.
Then I also see where Carroll Rutter is borough solicitor—sometimes, that is. Now, if Mr. Mauger is serving in Mr. Rutter's position most of the time, isn't the borough being deprived of the services of the man appointed to handle the job?
I am not trying to be aspersive as to Mr. Mauger's ability. I do think, however, that Mr. Rutter's experience is being lost to the borough through this arrangement.
If a less experienced man is doing the work, the borough solicitor's salary should be cut accordingly.

The Worry Clinic
By DR. GEORGE W. CRANE

OLIVE B. 20 has suffered a severe emotional snick.
"Dr. Crane Joe and I were to be married next month," she spoke tremulously, "but now he is gone." And she began to cry. After a pause she went on:
"It was an automobile accident. Now I feel like following him for I have nothing left to live for. Life has nothing of interest to me."
"With my love turned to ashes, what can the future hold to warrant my going on? I'd rather join Joe."
TOO MANY young people feel that love can come to them only once. So they grow panicky and may throw all caution to the winds when they are threatened with loss of their loved one, as when another sailor enters the picture.
Instead, love is an emotion like grief or fear, and thus can occur many times in your life.
Moreover, love can be consciously developed for it is simply a set of habits clustering around a member of the opposite sex.
Young people like to think that love is a mystical something that miraculously descends on them from above.
They fail to realize, however, that it is entirely possible to fall ardently in love with at least half a dozen men or women, marry each in turn, lose this mate by death, only to fall just as ardently in love with the next, etc.
When we are in the midst of a thrilling romance, we of course feel that it would be impossible to love another person in the same manner, but this view is juvenile.
In fact, I have deliberately taken students of mine at Northwestern and mapped out a courtship plan for the opposite sex which had never met before.
Then, in three to six months, these same young couples were ardently in love and engaged to be married.
We could reverse the process and take a devoted pair of newweds, yet in the same period of time, have them in court, violently accusing each other, or seeking divorce settlements.
They apparently believed in a mystical love which descends from heaven or some other outside region, so they lazily waited for their marriages to succeed without applying the scientific rules which will guarantee marital bliss.
Marriages are really made by unselfish devotion to the interests of another. But they may also be made by selfish gold-digging or tactful scheming on the part of the future mother-in-law. Shotgun marriages make some of them, too.
When young people train themselves to sift the real values in their companions and look deeper than a cosmetic veneer or sartorial finish, they will be able to marry more wisely.
Love can always be developed, even after the wedding ceremony, if the proper psychological rules are followed.
But intelligent choice of a mate must be made before the wedding ceremony else it is usually too late.

Hollywood
By EDITH GWYNN

HOLLYWOOD, Oct. 12—Mickey Rooney has just pulled out of Hollywood for a vaudeville tour of the East that starts in Hartford, Conn., Sunday. When he returns, he'll start on those ambitious plans he has for making several independent productions, having finally gotten permission from Metro to go just that. It was a "tough fight" but Mickey won it. He claimed that he couldn't save a cent even out of his huge salary his studio pays him, unless he were permitted to go into business for himself, taxes being what they are. If you can believe her press agent, Marie Wilson's face will adorn the covers of nine magazines between now and mid-December.

RICHARD WIDMARK, the blonde menace, and **Berry Kroeger**, who once acted in radio soap-operas together, and both working in "Down to the Sea in Ships." They're dreaming up a joint-air-show of their own—but Widmark, for one, couldn't do this without staid sanction. Kroeger tells of a timid pal who returned from a hunting trip in Africa and said, "Every day I went hunting tigers with a club." "With a CLUB?" asked Kroeger, "Weren't you frightened?" "Oh, no!" answered the Midwestern character, "You see—there were 50 members in the club!"

THE BIG SECRET that Mike Todd is trying to keep is this: He's going to co-star his wife, Joan Blondell and Jimmy Dunn (another Academy Award winner who had to leave Hollywood to be a breadwinner in a new, heavy drama called, "The Legend of Lou"). Hollywood's top "commuter" of the moment is one-time big star, Leatrice Joy, now toiling in "The Red Station of the Rockies." She and her wealthy husband live on their sixty-foot yacht all year round. And their cozy nest is docked at Newport Beach—some 50 miles from her studio. Well, if Leatrice is late getting home to dinner, at least she has a good excuse.

TIRELESS IRVING BERLIN is heading back to Hollywood to discuss yet another musical he may do for Metro. With his tawny "Easter Parade" still breaking box-office records in various places and his "Annie Get Your Gun" about to go into work with Judy Garland as its star, Irving can just about write his own ticket—with no trouble "dickering." While on things musical, the review around the country on "On an Island With You" indicate that the whole cast plus the producer of that one should have been left on a lonely island somewhere! ... The long time Johnny Meyer-Janner Thomas romance is nothing less of snags lately. We know they haven't seen each other in a week now. A year ago that would have seemed like a year to both of 'em.

JOBS UPON A TIME
Ben Lyon, a southerner from Atlanta, Ga., has been a Broadway actor, Hollywood film star, London actor-producer and English Eighth Air Force officer. His newest job is as a movie producer executive and talent director in Hollywood. Ben started by playing extras and oafs in New York when he was 15, and after attending college in Baltimore he played stock in Providence, R. I. Samuel Goldwyn saw him do "Marry the Third" with Jean Eagles and hustled him to Hollywood. He and actress Bebe Daniels were married in 1930, and they have two children—boy and girl. Ben was discharged from the Air Force in 1945 as a lieutenant-colonel. Bebe Daniels, wife of Ben Lyon, began her acting career at the age of 4 on the stage, and at 7 on the screen. Bebe played kid roles for a few years, then put up her hair and played leading lady for Harold Lloyd in 200 comedies before she was offered a movie contract and became a star. Bebe was born in Dallas, Texas. She is now producing comedies in Hollywood. She and Ben received top awards after World War II for "exceptionally meritorious service," and Bebe also was awarded the Medal of Freedom for recording the voices of wounded American soldiers at a battalion aid station 600 yards behind the lines during the Normandy landing.

ALL AROUND THE TOWN

Absent-Minded Customer.. Corner Has Face Lifted...

THEY'LL NEVER LEARN—He strode through the Security Trust company's doors—wide open because workmen were polishing the brass decoration over the doorway. The bank lobby was deserted. That was strange. Stranger was the absence of any tellers at the windows. Then George M. Newlin, bank guard, popped out of a sideroom just inside the door, goggled at the intruder and exclaimed: "There's nobody here today. It's a holiday." The embarrassed depositor's chin dropped, but Trust Officer George M. Longaker came to his rescue. "Gne it to me here," he begged from his side office. "I'll put it away until tomorrow." The intruder handed him the deposit, staggered out of the bank. Sure, it was Columbus Day!

CHANGE—Workmen are ripping out that tall barberry hedge around the estate of Raymond F. Frederick, Hanover and East streets ... Burgess William A. Griffith is still trying for airport donations from Pottstown industry ... Sonia "Sunny" Stein, a former Mercury scribe, was chosen to grace Garth Herd's new Fall display in the window of his shop at King and Penn streets. A large color portrait of the ex-"sob-sister" is the center of attraction in the attractively decorated window.

CELEBRITIES—Arthur Weitzkorn, High street haberdasher, watched the third, fourth and fifth games of the world's series in Cleveland. He was slightly distracted from play on the field by the play given some celebrities in the field box next to his. In this box were Movie Stars Abbott and Costello, and George Raft. Weitzkorn was a part of that record 86,000 baseball crowd Sunday ... Main line Democrats are said to have been miffed when President Truman's campaign train toured Montgomery county. It seems the bluebirds weren't given places on the train. The CIO unionists were running the show!

TRAIT—Valley Forge Kennel club people arranging the Pottstown Dog show at Manatwamy Park Saturday say the modern dog has many of the instincts of his wild ancestors. When a dog lies down, even in a room, he turns around a few times. This dates back to the days when a dog made himself a bed in tall grass. The dog turned around so that he could lie on a bed of trampled grass and be protected by the tall grass growing around him.

YARN—"Nightlife Nathan" said the hangover story here the other day reminded him of one. Joe had the granddaddy of all hangovers and requested succor from his good friend the bartender. "What'll it be?" asked the barkeep. "Oh," said Joe, "tail ... cold ... and full of gin." A drunk on the next stool straightened up and said: "Sir, you speak of the woman I love."

YOUR HEALTH
By HERMAN N. BUNDESEN, M. D.

PEOPLE of advanced age are quite likely to be plagued by disturbances of the circulation, particularly of that to the legs. Among the most common disorders are those which result from spasm of the arteries or hardening of these important blood vessels. In either of these disorders pain—often of an agonizing nature—is the chief symptom.
Recently a worth-while treatment for relief of pain in such cases has been developed. It is apparently successful because not only does it relieve the pain, but reaches the very root of the trouble—the diminished blood supply.
There is a substance known as histamine which normally may be present in the body in small amounts, and may produce dilation or widening of small blood vessels.
It has been found that another substance called histidine—one of the amino acids that make up proteins—is in contact with ascorbic acid or vitamin C, form histamine. Hence, this mixture has been used in treating patients with blood vessel disorders.
In carrying out the treatment, a solution of the histidine and the ascorbic acid is mixed in a syringe. Then the mixture is injected very slowly into a vein.
Twenty patients were treated with this preparation. Four of the patients had gangrene or death of the tissues due to insufficient blood supply. The others had severe pain either when lying down or after walking. Of the 20 patients 18 showed great improvement. Some of the patients had been given narcotic drugs to relieve the pain, but after treatment with the histidine-ascorbic mixture, it was found possible to reduce the dose of or eliminate the narcotics.
If necessary, the injections may be given twice daily, but usually one treatment each day is sufficient. When the pain disappears, the treatments are stopped. About 20 treatments are administered ordinarily.
A large number of such injections have been given without causing any reactions, or inconvenience. The treatment also has an advantage in that it can be employed while the patient is up and about his normal activities.
Before this type of treatment is carried out, of course, the patient must be carefully studied to determine the exact type of disorder present and the physician will decide, in each instance, whether or not this new treatment may be of value.
QUESTIONS AND ANSWERS
H. C.: What causes a burning of the tongue and is there a cure for it?
Answer: Burning of the tongue is usually due to infection, and sometimes occurs in individuals between 40 and 80 years of age; the exact cause for this condition is not known.
An examination of the mouth and nose should be made to see just what disorders are present; then the proper treatment can be given.

Obituaries

LAURA ETTA (AMOLE) GULDIN, widow of George C. Guldin and a former Knausertown resident, died Monday at the home of a son-in-law and daughter, Mr. and Mrs. George G. Kelly, of BOZMAN, MD.

Mrs. Guldin was born in Warwick township, and lived at her own home in Knausertown until the past December when she moved to the home of another son-in-law and daughter, Mr. and Mrs. Arthur Kessler, Knausertown.

She moved to the Maryland home the past June, was bedfast for the past three days.

Her husband died in 1925.

Mrs. Guldin was a member of St. Peter's Reformed church, Knausertown.

Surviving are a son, Leighton E. Guldin, of Trenton, N. J., and three daughters: Pearl, wife of George Kelly; Marie R., wife of Elmer E. Smith, of Fourth and Johnson streets; and Orpha L., wife of Arthur Kessler.

Also surviving are a sister, Martha, widow of Harry Deaeroll, of Harmonyville; five grandchildren and four great-grandchildren.

Funeral services will be held at the convenience of the family from a funeral home in Parkersford. Officiating will be the Rev. Ethelbert Yost, pastor of St. Peter's Reformed church.

Interment will be made in St. Peter's cemetery.

Funeral services for **PVT. STEPHEN G. RUSNOCK**, who was killed on Luzon, June 3, 1945, will be held in Hazleton tomorrow. Interment will be in McAdoo Heights.

The late Private Rusnock was the son of Mr. and Mrs. Michael Rusnock, of McAdoo Heights.

Private Rusnock was 19 years old when he was killed. He had spent his life in the Hazleton area, but came to Pottstown to work in 1944.

MRS. ELIZABETH KELLY, sister of Mrs. Mary Kane, 668 Walnut street, died late last night in a Norris-town hospital.

Funeral arrangements will be made today from a funeral home at 253 Beech street.

will be erected spanning the creek between parking lot and island.

MOST OF THE WORK is being done by the Manatoway Park commission under A. Eugene Smith and Carson Foster, assisted by Francis Donnon, recreation director. Proceeds of the show will be split between the park fund and the Kennel club.

At the rate of about 25 dogs per hour, which is the usual speed of dog judges, the judging of all breeds is expected to be completed by about 1:30 p. m.

An obedience demonstration will begin at about 2 o'clock by James E. Bauer, Reading, president of the Berks County Dog Training club, who will put a group of dogs through training tests.

TROPHIES, DONATED by local concerns, will be displayed in High street show windows until Friday night.

Paul Kilburn, local pet shop owner, recommended those not familiar with show routine pick up a booklet on the subject at his shop, York and Chestnut streets.

Officials of the Valley Forge Kennel club announced that dogs will come from considerable distances. One dog, a Brant-ta breed of working dog, will be flown from California for the show and will spend the night at a local hotel with its owner.

ers to install curbing, the borough now finds it might face a possible suit for damages.

"Their properties," Wells said, "are adversely affected and considerably damaged by a substantial change in grade, ranging up to four feet along the western side abutting the rear of the various properties, all of which has been done unlawfully, without authority, and in reality is an act of direct trespass."

Since the western half of the street never has been legally ordained nor opened, and since the sewer is not on a public street, the notices to curb are invalid and no sewer assessment can be made against the property owners, Wells contended.

Even if the western half of the street should be legally ordained and opened, Wells continued, no double assessment for sewer frontage can be made against the rear portion of the properties when they already are served by existing sewer facilities installed and paid for previously.

Wells pointed out that a 20-foot private alley divides the various properties and the rear portions cannot be used for building purposes. The borough cannot morally levy sewer assessments against these small parcels of land, he added.

He further noted that the property owners agreed in the first place to a rezoning of their area to allow Brookside Homes to be built. They did it as part of their effort to help alleviate the housing shortage and on the promise that neither they nor their properties would be jeopardized.

The borough and Brookside Homes should absorb any expense incident to the development, he remarked, and not try to slide it over onto owners of the adjoining property.

plan, now abandoned, of sending Chief Justice Vinson to talk directly to Russian leaders while the bipartisan American delegation was dealing with the Berlin issue at Paris.

Mr. Truman told a Greenfield, Ind., crowd that throughout the 80th Congress, he had to fight to keep Republicans from halting rural electrification, farm price supports, the school lunch program and other "Democratic" programs.

HE TOLD CRAWFORDSVILLE, Ind., people that "the Republican candidates won't be frank and tell you what they intend to do to you." What they offer, he said, is "soothing syrup" instead of a program. At Richmond, Ind., he said "the same old mossbacks" will be in charge of Congress if the Republicans win.

Dexey's foreign policy speech once again emphasized his familiar unity-for-peace theme, but stressed what he termed the "tremendous record of Republican achievement in foreign affairs." He offered it as background for "the vigorous, competent and effective work for peace of your next Republican administration."

X-Rays to Be Made Of Pupils Tomorrow In Anti-TB Program

Complete chest X-rays will be made tomorrow morning of Ninth grade students of Pottstown Junior High School, all athletes in the Junior and Senior High schools and to any teacher in the public school system.

This is the fifth year that the Montgomery County Tuberculosis and Public Health society is sponsoring the examinations. Co-sponsors are the Family Welfare society and the Visiting Nurse organization of Pottstown.

The two latter organizations will pay the 50 cent fee for any boy or girl who is unable to pay. Funds for the fee payment come from the sale of Christmas seals.

All X-ray pictures will be returned, and the sponsoring groups will refer the student or teacher to the family physician if tuberculosis or any other chest ailment is revealed.

Students must have their parents' written permission to be X-rayed. They will receive forms in their classes for their parents to sign.

The X-ray equipment will be set up in the Junior High school gymnasium by 9 o'clock tomorrow morning. A special line has been installed in the gymnasium to feed power to the apparatus.

line and Reading tracks to High Troop 18. Keim to East borough line and High.

BY LAST NIGHT, ten troops had been assigned Pilot club members' autos.

Mr. and Mrs. John Basco will go with the Stowe troop; Mr. and Mrs. Robert Rubright, troop 14; Howard Snyder, troop 10; Mr. and Mrs. Myron G. Littlefield Jr., Troop 18, Mr. and Mrs. Harry Wolf, Troop 7; Mr. and Mrs. George Longacre, Troop 15; Mr. and Mrs. Richard Embold, Troop 8; Mr. and Mrs. George Steinmetz, Troop 9; Daniel Boyer, Troop 4, and Mr. and Mrs. Werner Betten, Troop 2.

Members will be appointed to the remaining troops tonight. Herbert N. Maier, club president, said he would take the last troop chosen.

Francis Donnon, recreation director, announced last night that Edward Ricketts, his assistant, will aid with the drive.

Maier asked that all Pilot club members be at The Mercury, King and Hanover streets, at 6:30 p. m. before the drive which begins at 7 p. m. The Mercury offices will be the collection point for the campaign.

bell to get men and women to church. The religiously-inclined laymen must get behind the church pastors and instill in the minds of non-church goers their duty to God.

Admitting that this is a scientific age, he said, "Everything now is controlled by switches, except the children, and they are prone to delinquency as a result. Too often delinquent children come from the homes of wealth and culture. There are too many baby sitters. Mothers should remain at home often."

"Be salesmen for Jesus Christ," he said.

Gerald N. Yost, of Sugar Loaf, State president, praised the Pottstown federation for its growth and increase of spiritual power in the community.

Burgess William A. Griffith made an address of welcome. The oldest member, William A. Patterson, 92, spoke of joining the church in Philadelphia in 1868.

Greetings from the YMCA were extended by Donald P. Goodnow, youth work director.

A feature of the program was the group singing led by C. Russell Canell, with Mrs. W. R. Ober at the piano. Raymond Elliott's ensemble played during the banquet.

Robert McPalls, of Coatesville, sang several numbers with A. Gilbert Haviland, of Wayne, at the piano. Their offerings were greatly enjoyed.

Vice President Rein de Vries made a brief address. The Pottstown Ministerium was represented by the Rev. Donald Floyd, pastor of Trinity Evangelical Congregational church. Devotions were conducted by the Rev. John L. Smoker, pastor of the Baltzell Evangelical United Brethren church. Benediction was by the Rev. Kenneth R. Anderson, of St. Peter's Lutheran church, Stowe.

The general committee consisted of Bert Shaw, Charles Rohland, H. C. Creswell and Ernest Sands. Oliver R. Moyer headed the decorations committee.

Shaw said at the conclusion of the program that the third annual banquet probably would be held at Sunnyside park or at Convention hall in Philadelphia.

He said the world situation is too grave to permit further play with words.

of the most unfortunate was Myron Shaffer, of 349 King street.

He just was pushing a forkful of fish toward his mouth when there was a loud bang from the transformer at the nearby corner, and everything went black.

"I darn near choked," he recalled. Shaffer was forced to let his fish cool his bones, and he went out into the street to join the hundreds of residents wandering around, asking what was the matter.

MRS. GEORGE W. ROSHON, of 563 King street, was one resident determined not to let a little short circuit interfere with her evening. She was taking a bath when the lights went out. She finished bathing by candlelight.

James Kelly, of 64 North Warren street, was installing wiring in the building at 104 Warren street at the time. When the lights went out, neighbors thought he had been shocked, and they rushed to his "body." He was unaffected.

An unidentified elderly man and the car of Mrs. Ruth Benson, of 563 King street, had the closest calls. A tongue of flame shot down from the transformer when it snuffed out, narrowly missing the man and the car. He kept walking.

The car was moved to make room for the repair crewmen who quickly replaced the blown fuse.

While neighbors speculated on the cause of the power failure—guessing everything from Kelly's wire fixing to the fact it was the 13th—Crewmen had a more prosaic reason. "The fuse just was suffering from wear and tear," explained a crewman.

Maple Gardens 'Coincidence Kids' Born To Neighboring Families Within 15 Hours

Family life in the Maple Gardens apartment project in Pottstown's North End is off with a rush. And so are coincidences.

A baby was born to Mr. and Mrs. John Heagle in Pottstown hospital Monday night at 11:23 o'clock.

They live in a first floor apartment in the modern development on Maplewood drive near Prospect street.

They were one of ten families moving a week ago into the apartment which is destined to hold 56 families when all units are completed.

Heagle is an engineer. He works for the Firestone Tire and Rubber company.

A BABY WAS BORN to Mr. and Mrs. Mansfield Williams in Pottstown hospital yesterday afternoon at 2:11 o'clock.

They live just across the hall in the apartment. They, too, were among the first ten families to move to the Paul L. A. Kessler project.

Williams is an engineer. He works for the Firestone Tire and Rubber company.

As if fate had arranged the coincidence, the Williams baby was born two and a half weeks prematurely.

The long arm of coincidence fell short on the question of gender. The Heagle baby was a son, weighing in at five pounds. The Williams baby was a daughter, weighing seven pounds, five ounces.

Both are doing "fine."

ANOTHER VIEWPOINT on lost-and-found problems was expressed last night by Albert R. Pollock, of 313 Walnut street, whose wife discovered yesterday that some provisions had made off with a ten-foot cedar post from which she hangs wash lines.

"Whoever took it," Pollock said tolerantly, "well, I'd appreciate it if they'd bring it back. There won't be any embarrassing questions. And," he added, "I'll be glad to give them \$1.50 or \$2 so they can buy one of their own."

Pollock concluded with, "After all, they may need the post more than we do. And I'd just like to let them know, we'll be glad to help them out."

Miss Anna Mykitiak Becomes Fall Bride Of LaVerne H. Nester in Boyertown Rites

Miss Anna R. Mykitiak, daughter of Mr. and Mrs. John Mykitiak, of Perkiomenville, Pa., became the bride of LaVerne H. Nester, son of Mrs. Saline and the late Daniel Nester, Eschbach, recently in St. Joseph's Evangelical Lutheran church.

The Rev. Luther Lee Lengel officiated at the double ring ceremony. The altar was decorated with palms and white gladioli. Mrs. Cameron, Hill Church, was at the console of the organ, and the soloist was Miss Jeanette Clemmer.

The bride, given in marriage by her father, wore a lovely gown of white satin with a sweetheart neckline and form-fitting bodice. There were sequin bows and a ruffle around the neckline and skirt. The sleeves were long and pointed at the wrists. The full skirt fell into a long train.

Capacity Audience Attends Style Revue By Boyertown Tots

A capacity audience witnessed the Tots Style Revue held in the Boyertown High school auditorium last night. The show was made up, mostly of grade school and preschool children.

The affair was sponsored by the Parent-Teacher association of the Washington school for the benefit of the underprivileged children's dental fund, and was prepared by a committee under the chairmanship of Mrs. Daniel B. Landis.

Several mothers modeled clothes with their children and the high school girls demonstrated teen-age fashions.

Mrs. Dorothy Yoh, the coordinator of the evening, described the clothes in passing and told where they might be bought.

Beverly Ann Mes' and her sister, Jane Louise, sang two duets, and Mary Moyer played two accordion selections.

Rochelle Rhoads, Doris Spohn, Russell Wood, Herbert Schmoeyer, John Waring, Craig Landis, David Trout, Bruce Updegrave, Jimmy Kline, Mary Ann Reinert, and Marjorie Barr presented a song and dance. Miss Barbara Keller was the pianist for the show.

Herbert Schmoeyer, John Waring, Craig Landis, Bruce Updegrave, Sonny Keller and Carl Harner ended the show with a mock pillow fight.

Chester County American Legion Votes To Give Phoenixville Hospital Polio Pack

Chester county committee of the American Legion has approved plans to purchase a polio pack for use in Phoenixville hospital.

After hearing of the action taken by the committee, Edward J. Dailey, hospital administrator, said the gift would be "a wonderful contribution to the hospital's battle against infantile paralysis."

"It is a definite contribution to the community," he added, "because 90 percent of the polio patients here are free patients, whose hospital expenses are paid by community agencies."

Dailey explained that while the hospital already has one polio pack, it can "very definitely use another one."

"A POLIO PACK can be used on only one patient at a time," said Dailey, "and in the event the hospital is treating a number of patients, a great deal of time and money would be saved by having an extra pack on hand."

Dailey said that in the past summer the hospital had 15 cases of infantile paralysis and the polio pack purchased the past May was in constant use. In one instance it became necessary to borrow a pack from Indianapolis, at great expense to the hospital.

Action for the purchase of the polio pack was taken at a meeting of the county committee of the American Legion Monday night in Downingtown. The Legion will present the equipment in the near future.

Thurmond Assails Major Parties for Forgetting Issues

LEXINGTON, Ky., Oct. 12 (AP) — J. Strom Thurmond, candidate for President under the States' Rights Democratic party banner, said tonight both major political parties in America are forgetting the great principles of democracy in a bid for votes.

In a speech at a States' Rights rally, Thurmond said "the basic issues which are of fundamental importance to every American are being obscured."

This was the South Carolina governor's second major campaign speech in Kentucky. He spoke over a statewide radio network. Thurmond's first address of the campaign in the state was delivered at Madisonville, Sept. 25.

HIS SCHEDULE CALLS for another address at 12:30 p. m. tomorrow in Frankfort and at 8 p. m. tomorrow in Louisville. He speaks briefly in Versailles at 10 a. m. tomorrow and in Shelbyville at 7:30 p. m.

From Louisville he goes to Covington for an address, Thursday night, with brief stops earlier in the day at Bedford and Carrollton.

Thurmond said the principles of American democracy are being perverted and destroyed by the Democrats, Republicans and the Progressive party.

"Until the higher leadership of our political parties, of whatever name, become convinced that the American people are not lazy enough and not stupid enough to permit this kind of political bartering," Thurmond said, "our liberties will be in danger."

"Until we can restore in this country the type of leadership it had in 1789, we cannot be certain that our Democratic rights will be protected."

"THE FACT THAT three presidential candidates today have endorsed an unconstitutional program is enough to delight every Red and every fellow traveler on the globe," Thurmond said. Communists would be made happy by passage of the anti-poll tax bill, the anti-

Airlift Drones On As Allies Plan to 'Winterize' Blockade-Buster

U. S. to Train Airmen
For Winter Airlift Run

BERLIN, Oct. 12 (AP)—The U. S. Air Force announced plans today to "winterize" the Berlin Airlift.

Several hundreds of reserve officers who volunteer will be given special training at Great Falls, Mont., in visual and instrument flying and assigned to the airlift, the announcement said.

Bolton Pleads
Not Guilty In
Union Shooting

DETROIT, Oct. 12 (AP)—Carl Bolton's examination on a charge of trying to kill Walter P. Reuther, president of the CIO United Auto Workers, today was set for Oct. 19.

The 39-year-old Bolton, a former major official in the 1,000,000-man union, was held under \$75,000 bond.

He stood mute before Judge Christopher E. Stein, who sent him to prison once before at the age of 19 for armed robbery. The court entered a plea of innocent for him.

Bolton, if convicted, would face a maximum sentence of life imprisonment.

Reuther, 40 years old, was shot in his home, April 20. His assailant fired a shotgun through a window from the darkness outside. No motive ever was made public.

THE RED-HAIRED UNION leader has resumed his duties but his right arm, which nearly was blown off by the blast, still is being treated.

Bolton said nothing during his brief appearance in court.

Bolton was to be returned to Pontiac, Mich., to face a burglary charge in connection with the robbery of a CIO co-operative store there the past Feb. 28. It was while he was being held on this charge, that State police claimed to have obtained important evidence connecting him with the Reuther case.

Air Force Tells
About Tests of
New Jet Engine

WASHINGTON, Oct. 12 (AP)—The Air Force permitted disclosure today of a new gas turbine-propeller engine, the second of its type announced in this country. It was designed for use on a giant long-range bomber, the Boeing B52, which still is in the development stage.

The new engine is the T-35 Typhoon, built by the Wright Aeronautical corporation at Wood-Ridge, N. J., a division of Curtiss-Wright corporation.

The Air Force withheld all details. It permitted announcement only that the engine has been undergoing flight tests for a year in the nose of a B17 Flying Fortress, where it acts as a fifth engine.

The company said this test method greatly speeds up evaluation of the new powerplant by enabling study of actual performance at high altitudes and speeds.

THE ONLY HINT of the power of the T35 was a statement that the power of the other four engines of the B17 may be "adjusted at will" while the new engine is operating. This led to speculation that the T35 alone will fly the airplane.

The only previous engine of this type formally announced was the General Electric T31, which the Air Force installed in Consolidated Vultee XP81 and the Navy installed in the Ryan XF2R, both fighters. All three projects now are dormant.

The Western Allies began planning to "winterize" the airlift to Berlin as prospects for ending the blockade seemed faint. At top left is a map of the city showing how it is divided. Picture at top right shows German children staring at a huge food and fuel carrier while lower photo shows tons of supplies being unloaded inside the besieged city.

Cominform Charged With Part
In 9-Day French Coal Strike

PARIS, Oct. 12 (AP)—Down to dusk power cuts were put into effect throughout France today, and the Cominform was charged with financing as well as inspiring the strike wave which has kept coal mines idle nine days.

The conservative newspaper France Soir said it had learned from government sources that the Communist information bureau, with headquarters in Romania, already has spent 120,000,000 francs (\$400,000) to keep the strike going.

Just how the funds were brought here, the paper said, is unknown.

Interior Minister Jules Moin told a meeting of the Socialist party last night the Cominform had ordered the current strikes with the aim of wrecking the European Recovery program.

To save the dwindling stocks of coal, the government put into effect today electric power cuts throughout the nation. Power was cut off from many homes from early morning until dusk. The cuts are to apply two days a week, but priority users such as hospitals and newspapers were not affected.

There was no violence and there were no negotiations in progress to end the strike which has cost the nation more than 1,000,000 tons of fuel.

23 ESCAPE AIR DEATH
KHARTOUM, The Sudan, Oct. 12 (AP)—The crew and 23 passengers on a Mercury Airways Dakota narrowly escaped death today when the pilot crash landed a burning plane in the desert 120 miles north of here.

Official Says CIO
Will 'Underwrite'
Coast Contract

SAN FRANCISCO, Oct. 12 (AP)—A top CIO national official said today he has been given authority by National CIO President Philip Murray to "underwrite" a contract between striking Pacific coast longshoremen and their employers.

Allan S. Haywood, National CIO director, told the Call Bulletin, Murray is willing to guarantee observance of such a contract. The employers have demanded the signing of non-Communist affidavits by union leaders and a contract observance guarantee before they will negotiate on the unions' demand for a 15-cent pay increase to \$1.82 per hour.

There was no comment on the reported proposal from the employers or longshoremen leaders.

When the first U. S. census was taken in 1840, only 40 percent of the total population was found to be literate.

42 Nabbed for Smuggling
Jamaican Negroes Into U. S.

MIAMI, Fla., Oct. 12 (AP)—Forty-two persons have been taken into custody in a drive against the smuggling of Jamaican Negroes into this country through the use of false birth certificates, the Immigration service announced today.

Walter S. Miller, district director of immigration, said the Jamaicans were charged as high as \$350 each for the certificates.

The certificates were obtained in South Carolina where only two witnesses are needed in obtaining delayed birth papers.

The arrests included 30 persons held in New York and 12 in Florida.

Emmanuel Stewart, 52-year-old real estate salesman of Mt. Vernon, N. Y., as the alleged leader of the scheme, Stewart is a native of Jamaica but a naturalized American citizen.

The immigration chief said Stewart acknowledged that he "worked alone" in providing fraudulent certificates for "at least 60 to 100" Jamaicans. The certificates, Miller added, came from various South Carolina sources.

Miller quoted Stewart as saying the certificates brought from \$50 to \$350 and that he sometimes took credit.

Stewart, Miller said, was accompanied at the time by two persons identified as his nieces. They were listed as Mervin Stewart and Susan Brice and were detained.

Stewart is held in the Dade County Jail in Miami, in lieu of a \$5000 bond. His case is scheduled to be presented to the Federal grand jury here tomorrow.

It was the second announcement in recent months of the Immigration service of a break in smuggling rings.

Lewis Changes Style,
Levels Guns at Dewey

CINCINNATI, Oct. 12 (AP)—John L. Lewis closed the United Mine Workers convention today with a crack at Republican Thomas E. Dewey for defending the Taft-Hartley act.

Lewis referred to Dewey as "some politician" who had spoken recently in favor of the labor-management relations act. The remark joined many of the 3000 delegates who had listened for more than a week to speeches attacking Mr. Dewey's Democratic opponent—President Truman.

There was laughter and a round of applause when Lewis said of Dewey:

"That man just never read the act."

The Republican presidential candidate last night at Pittsburgh said the act preserved labor's right to band together.

"The act does just the reverse," said Lewis. "If he will take a printed copy of the statute as printed in committee form by the government printing office and read it, he will find one line in the preamble which says labor has the right to organize."

But following that are 71 pages of restrictions that dare labor to try and organize.

LEWIS PREVIOUSLY had told the miners that Mr. Truman, who twice prosecuted Lewis and the miners in the coal strikes, was an enemy of the union.

Lewis, whose salary was boosted to \$50,000 a year at this convention, also was given a pen set and a gold watch from two locals today. The next scheduled convention will be in 1952 when Lewis will be 72 years old.

Final act of the nine-day session was adoption of a 10-point contract policy for next Spring's negotiations. The objectives are the same general demands which Lewis had handed coal operators over the past three years.

They will be implemented or made specific by the 200-man policy committee as contract talks near.

"Thirty years ago we undertook in two countries, to restore order by the use of troops. Unfortunately, in the past five years, some officials from our State department have regrettably interfered in internal elections."

Eisenhower Installed
With Ancient Rites
As Columbia Head

NEW YORK, Oct. 12 (AP)—Gen. Dwight D. Eisenhower today was installed with ancient academic ritual as Columbia university's 13th president.

Presented with the charters and keys of the university as symbols of his authority, the wartime supreme Allied commander was charged at the ceremony with providing "leadership for our staff and students in the pursuit of education and the advancement of knowledge."

Eisenhower was an erect, smiling figure, he marched with academic notables from all over the world to a procession which began the colorful ceremony.

In his installation address which climaxed the program, he warned that "today's challenge to freedom and to every free institution is such that none of us dares stand alone."

"For human freedom is today threatened by regimented statism. The threat is infinitely more than that involved in opposing ideologies."

Reds Call Churchill, 'Warmonger No. 1,'
Claim He Seeks Power by Another War

LONDON, Oct. 12 (AP)—The Moscow radio today called Winston Churchill the world's "Warmonger No. 1."

The broadcast referred to Churchill's address Saturday to a Conservative party rally in Llandudno, Wales, in which he bitterly assailed Russian policies and urged the United States to hold on to its atom bombs.

"He has always called for a new world war," the broadcast said. "At Llandudno he spoke about the same thing. It is not for nothing he has been christened in democratic circles of the world as Warmonger No. 1."

"IT IS QUITE OBVIOUS Churchill reckons now to return to power on the crest of a new war. He is the advisor of American expansionists, the foremost ideologist of international reaction, and the hardened enemy of the Soviet Union."

"In its bloodthirstiness, Churchill's speech, which approved (Foreign Secretary Ernest) Bevin's foreign policy, has exposed the real meaning of the speeches made at the (United Nations) General assembly by leaders of the Anglo-American bloc on the theme of morals, international right, and their own love for peace."

"Now it is even more clear the atom bomb is their morals, their right, their ideology."

Bulgarian Diplomat
Flees to Safety in U. S.

WASHINGTON, Oct. 12 (AP)—A young Bulgarian diplomat said today he fled from Turkey to the United States to avoid recall to his homeland where "things would be positively not so pleasant."

Dimitri Karaghiosov, 38-year-old Bulgarian consular general in Ankara, was met at the dock in Baltimore by U. S. Army intelligence officers who drove him here.

Members and Guests Of Woman's Club Hear Rev. Aulenbach

"The Light is green, and it ain't gonna get no greener," the Rev. W. Hamilton Aulenbach, asserted last night at the meeting of members of the Woman's club and their friends and husbands in Library hall. "So go ahead and do all the little and big things in the world that you want to do," he continued, "Do not wait until you retire to have enjoyment. Have it every day. Opportunities are green, be on the alert and above all be free from pessimism."

"Many parents worry about their children facing a cruel world after graduation, but children have already experienced in school all the problems and heartaches they will have to face in the world."

"Secrets are not meant to be kept; if we keep them, we will die of frustration. Our lives must be open books. A person who accomplishes things is a relaxed person, he has no time for complexes," he declared.

Rev. Aulenbach has spoken at many commencements and finds them most enjoyable and happy affairs because the graduates have accomplished things. He is the rector of Christ Episcopal church and St. Michael's Episcopal church in Germantown. He is active in youth activities and is a popular speaker at many clubs.

Mrs. Robert Mallison urged everyone to attend the ranch party Oct. 26 at the Old Mill Inn, Schwenkville, at 7 o'clock. There will be games and dancing at 9:30 o'clock with everyone asked to dress in ranch style.

Mr. Howard Hallman presented a vocal solo accompanied at the piano by Mr. Robert Kichline. Mrs. George Hughes was the program leader while Miss Florence A. Erb, president, presided at the meeting.

Skil Entertains Guests At Business Girls' Party

A short skit, "School Daze," featured the guest night program of the Business Girls' club Monday night in the YWCA club rooms. Participating in the skit were Mrs. Florence Smith, Mrs. Emily Zern, Miss June Wertz, Miss Irene Houser, Mrs. Ruth Meyers, Mrs. Myrtle Christman, Mrs. Laura Buchert, Mrs. Sara Custer, Mrs. Mabel Hahn, Mrs. Betty Wanner, Mrs. Sara Brockway and Miss Edith Moser.

During the short business meeting plans were made for a Halloween party to be held Oct. 25 and a rummage sale scheduled for Nov. 8 and 9.

Sponsoring the guest night were members of the membership committee, Miss Moser, chairman, Mrs. Zern, Mrs. Cathryn Shaner, Mrs. Evelyn Russell, Mrs. Leone Wilhelm, Mrs. Bernice Schaeffer, Mrs. Florence Smith and Miss Clara Nye.

Simple problem in estate management

You couldn't ask for an estate problem much simpler than that of Mr. Squirrel.

To provide for himself and his family, he has only to collect the food provided by Nature and picnickers, store it in convenient warehouses, and withdraw it daily at dinnertime.

Yet this simple task requires most of his waking hours!

Suppose, like you, he had to keep a certain sum liquid, for payment of taxes and other running expenses. Suppose, like you, he also had to find the best solution to reinvestment problems, to assure both security and a steady return.

And suppose, in addition, he had to keep systematic records so that he would know at all times exactly where he stood.

There just wouldn't be enough hours in the day, or days in the year, for him to handle his estate properly.

How, then, can you expect to do the same thing... alone?

That's why we think you'll be interested in Fidelity's 82 years of experience in estate management. At Fidelity you will find a corps of specialists skilled in every phase of the service you need: Investment supervision, tax returns, record preparation, income distribution. The cost is moderate, and, in view of tax savings, frequently nominal.

Your first step is to talk the matter over with one of our Trust Officers. It's a step that you and your family will appreciate—for years to come.

Reading The Big Boys

SUPPOSE you are in a tournament and you know that a number of stronger pairs than yours are in the field. If you are determined to give yourself every chance to beat the big boys, it is sound to use methods somewhat different from what you would employ against opponents ordinarily no better than your own combination. Common sense tells you that enough good luck can give you the victory. Such being the case, you should furnish opportunities for your luck to aid.

North Carolina Replaces Irish As Nation's No. 1 Grid Team

POTTSTOWN MERCURY SPORTS

WEDNESDAY, OCTOBER 13, 1948 PAGE 15

DRIFTIN' AROUND

WITH ELMER PANOC

BOB FLEMING, former North Coventry High football coach, now teaches the grid sport at Boyertown High, brought to this column's attention yesterday the fact that North Coventry's night game with Marple-Newtown a week ago the past Saturday was not the first after dark tussle in the history of the Chester county school.

Fleming, who left Norco nine years ago, said yesterday that when he was tutoring the Wildcat grid team in 1937, his team played a night game at Downingtown.

The red-headed football coach said the Marple-Newtown game may have been Norco's first night game at home, but it really wasn't the first in the history of the school.

In 1937, Fleming pointed out, Norco lost to Phoenixville, 12-7, defeated West Chester, 7-6, and then lost to Downingtown under the arc lights, 26-7, at Downingtown.

Incidentally, Fleming's Boyertown team just defeated Norco the past week, 10-0, at Norco. It was Fleming's fifth win over Norco since he took over the reins at Boyertown.

DON YOUNG, Ursinus college's star back, was accorded one of the highest honors a collegiate gridder can hope to attain Monday night when he received the Maxwell Award, symbolic of being the outstanding backfield performer in the Philadelphia district during the past week.

Young was honored at a luncheon at Philadelphia's Warwick hotel.

The former Catasauqua triple threat star is the spearhead of the Ursinus attack. He received the award on the basis of his brilliant performance in the Bears' 19-7 triumph over Drexel the past Saturday.

Young tabbed one touchdown pass for a second and set up the final six-pointer with a devastating punt, burying Drexel in the shadow of its own goal post.

Casey Stengel Succeeds Harris As Manager of New York Yankees

NEW YORK, Oct. 12 (AP)—Casey Stengel, one of baseball's most colorful characters, today returned to the majors as manager of the New York Yankees for the next two years.

Fresh from a pennant and playoff victory with Oakland of the Pacific Coast league, Stengel flew in for a conference with Yankee officials last night that won for him one of the most coveted jobs in the game.

No salary terms were announced by President Dan Topping but it was understood that Casey will be paid about \$25,000 a year under a two-year contract.

STENGEL, freed by President Clarence (Buck) Laws of the Oakland club to negotiate with the Yankees, said he had not made a decision on his coaches. George Kelly, who worked under Johnny Neun and Bucky Walters at Cincinnati, and Neun were believed to be in line.

"The owners have promised to back me up," said Stengel in a press conference shortly after President Dan Topping of the club had announced his new manager. "I'll see what I need but I plan to go slow. You can tear a club down a lot faster than you can build it up."

Stengel agrees with the consensus that much must be done with the Yankee club but he finds things much different now than in the days when he was a major leaguer.

Now 57, Stengel has been knocking around baseball since he started playing outfield for Kansas City, Mo., back in 1910. He moved to the big leagues with the Brooklyn Dodgers, a natural for Casey, in

The Maxwell Award is given weekly to two gridders, one back and one linebacker, judged to be tops in Eastern collegiate pigskin circles during that particular week's games.

Young is the first Ursinus gridder to receive the award since big Dean Steward sparked the Bears to a 10-6 victory over Temple back in the fall of 1943.

The award is all the more significant when one considers that a small college gridder such as Young is competing against widely heralded stars from such nation-wide football powers as Penn, Villanova and Temple. By his offensive prowess during the past two seasons, Young has established himself as a truly great and versatile performer.

POTTSTOWN'S professional basketball followers may be interested in knowing that the Philadelphia Warriors of the Basketball Association of America will be in Norristown this month.

The Warriors, who two years ago won the BAA championship, will be in the county seat Tuesday, Oct. 26 to face the Norristown Orioles of the Main Line league in one of five exhibition contests they have scheduled before opening their BAA season the following week.

The game will be played in Norristown High's spacious gymnasium. The Warriors' other exhibitions are listed for Washington, Hershey, Baltimore and Atlantic City.

IF A NORRISTOWN football fan can see that Pottstown High needs more seats for its football games at Franklin Field, when is the Pottstown school board going to wake up and find-it out?

The school board has been pushing aside business about more football stands for the past five years and now promises to get stands built for next season.

Well, you can count on the school board. Pottstown High will be still asking for those stands in 1950.

SMU, GOPHERS KNOCKED OUT OF SELECT GROUP

Northwestern, Michigan Press Leaders; Penn Takes Over in 8th Spot

NEW YORK, Oct. 12 (AP)—College football's "first ten" underwent a reshuffling today after one of its dizziest Saturdays and the loud thump you heard was Notre Dame falling off the top rung.

The Irish, who had held the No. 1 position for almost a year, were bumped to second place by North Carolina, a Dixie institution where a lad named Charlie Justice gets his higher learning.

Other shakeups in the weekly Associated Press poll of the nation's sports writers were these: Southern Methodist University, an old tenant, and Minnesota were ousted from the select bracket.

Their places—though not exact positions—were taken over by Pennsylvania, the Ivy league champion, and Mississippi, defending titlist in the Southeastern conference.

"NORTH CAROLINA'S Tar Heels received 52 first place votes from the 153 participating writers and amassed 1200 points, the exact total with which Notre Dame led the last poll.

Points are awarded on the basis of ten for a first place vote, nine for second and down the line.

Notre Dame, with 34 first place votes, was only 20 points behind with 1180 followed by Northwestern with 1172 and Michigan with 1103.

Northwestern and Michigan, two unbeaten powers of the Western conference, collide Saturday in the week's feature game.

OTHER TOP TEN teams in order are: Army, California, Georgia Tech, Pennsylvania, Penn State and Mississippi.

The Irish, unbeaten in 21 games, took over first place in the poll from Michigan on Oct. 27 the past year and kept a grip on it throughout the season.

They were No. 1 in the final regular season poll although Michigan won in a post-season poll involving only the two teams.

Southern Methodist, whipped by Missouri the past week, dropped from fourth to 14th in the standings while Minnesota, edged by Northwestern, 19-16, fell from eighth to 11th.

That made room for Pennsylvania, which took over the No. 8 slot, and Mississippi, which slid into No. 10. Penn topped Princeton for its second victory of the season. Ole Miss made Vanderbilt its third league victim.

California negotiated one of the nearest leaps—from ninth to sixth on that 40-14 rout of Wisconsin.

Blades Gets New Job With Brooklyn Dodgers
BROOKLYN, Oct. 12 (AP)—Ray Blades, one-time manager of the St. Louis Cardinals, was named troubleshooter for the Brooklyn Dodgers farm system today.

For the past two seasons Blades has been coach of the Dodgers. The job has not been filled since Burt Shotton, current manager of the Dodgers, left it in July to take over the helm of the parent club.

Milt Stock, coach with the Chicago Cubs since 1944, will replace Blades as a coach under Shotton. Clyde Sukeforth and Jake Pitler complete the Dodger coaching staff.

Wildcats Strengthen Aerial Attack

Bill McCadden (No. 86) gets some good blocking from the North Coventry line as he tosses a quick pass over center to Ralph Keish (extreme right) in yesterday's practice session. The Wildcats are currently preparing for Saturday's game with a strong East Greenville eleven which has won four consecutive games without a defeat. The Wildcats lost their first game of season the past week to Boyertown, 10-0.

Wyomissing Quits Berks Loop; Action Affects Boyertown

Boyertown High will have to look for a new football opponent next year.

This was revealed yesterday when Boyertown High officials were notified that Wyomissing High had dropped out of the Berks Scholastic Football conference. Boyertown is a member of the conference.

Coach Bob Fleming said last night that Wyomissing will finish its league schedule this year and then will fade out of the picture.

Announcement of Wyomissing's decision to quit the Berks conference was made Monday night at a meeting of the borough school board. Schools affected by action taken by Wyomissing are Shillington, Muhlenberg Township, Wilson High of West Lawn and Boyertown.

ALLEN W. RANK, Wyomissing High principal, announced that the action will not have any effect on North Coventry, East Greenville and Collegeville, other schools in the Pottstown area who play Wyomissing in football.

Rank said the Wyomissing teams will continue to play these schools. Rank said the action severing grid relations with the Berks conference members was taken reluctantly, but that the enrollment in the Wyomissing schools prevented a continuance of the games.

A two-game cut in the eight-game football schedule for the 1949-50 school term was also authorized at the meeting.

Fleming said Boyertown will play Wyomissing for the last time Saturday afternoon at Boyertown. The Boyertown mentor didn't comment on who would replace Wyomissing on the Boyertown schedule.

Fleming said he had been expecting Wyomissing to drop out of the conference for the past few years because of the tougher competition. Fleming pointed out that the competition in the Berks conference is also tough for Boyertown High, a school with a much larger enrollment than Wyomissing.

200,000 Welcome Cleveland Indians On Return Home

CLEVELAND, Oct. 12 (AP)—Cleveland's World Series champions received a thunderous welcome home from the baseball wars today as an estimated 200,000 people yelled themselves hoarse in a demonstration unsurpassed in the city's history.

A bombardment of cheers, whistles, horns, confetti and balloons was unleashed when the Indians stepped off their special train this morning.

The pent-up emotions released by a victory-happy town continued all the way from Public Square to University Circle as the mooncade traversed the 10-mile route through a human corridor. Police were barely able to maintain an open path for the single line of automobiles in the parade.

MANAGER LOU BOUDREAU, his wife, Della, and club president Bill Veck sat on the lowered top of the lead car and received the loudest ovations along the way.

Shouts of "There's Lou!" was the signal for a rain of confetti. When the parade disbanded the Boudreaus and Veck were knee deep in the stuff.

Boudreau and his wife were overwhelmed by the reception.

ARDC Midget Races Return to Sanatoga Sunday Afternoon

The American Racing Drivers club, featuring the fastest cars and the finest drivers in the midget auto realm, returns to the Sanatoga speedway Sunday afternoon.

Karl Spatz, director of the famed macadam speedway Sunday afternoon.

Karl Spatz, director of the famed macadam speedway here, has announced the signing of another contract with the ARDC, which had promoted races at Sanatoga during the earlier weeks of the 1948 season.

Spatz quit the ARDC the past Summer when attempts to bring Offenhauser cars to Sanatoga were blocked by a Philadelphia track. Sanatoga then shifted to AAA programs during the Summer, but Spatz said the programs at Sanatoga were being dominated by one driver and the racing fans were getting disgusted.

In announcing the switch back to ARDC sanction, Spatz disclosed that he has again been assured of the presence of top-notch stars.

Over 100 laps of competitive motor madness will mark the return of ARDC midget racing here. Three 12-lap qualifying heats, two 15-lap semi-finals and a 12-lap consolation race will precede a 25-lap feature event. Racing programs will be held every Sunday at Sanatoga as long as the weather permits.

INCLUDED IN the field signed to appear here Sunday will be such veteran campaigners as Larry Bloomer, Dutch Schaeffer, Len Duncan, Vernon Land, Ernie McGoy, Hawley Light, Jimmy Force, Vic Sloan, Dick Dowd, Walt Gregory, Andy VanHusen and a host of others.

Larry Bloomer is a real veteran at Sanatoga. The famed Norristown driver got his start in the midget auto racing profession here over 10 years ago and he has risen to the top of the heap since then. Bloomer wanted to race at Sanatoga earlier in the year with his Offenhauser car, but when Spatz was deprived of the right to bring Offies here, Bloomer was unable to race.

Dutch Schaeffer will be Bloomer's chief opponent Sunday. Schaeffer is often rated as the No. 1 driver in the ARDC along the East coast, and many times he proved that as he dominated programs at the Yellow Jacket speedway in Philadelphia during the Summer.

Headmaster Greeted By Wyncroft PTA At Opening Meeting

Mr. T. Carlisle Snively, new headmaster at Wyncroft school, and Mrs. Snively were introduced to parents at the opening meeting of the Parent-Teacher association of that school yesterday afternoon.

Also introduced was Mrs. R. B. Hunter, new kindergarten teacher. Introductions were made by Mrs. S. Alexis Seldomridge. Mrs. John Gray Kendall, newly elected president, presided.

Reports were heard from all the new committee chairmen with Mrs. Charles Gochsauer, chairman of the ways and means committee reporting that an auction sale will be held again this year at the Brookside country club for members and friends.

Mrs. Nelson Vaughan, chairman of the building committee, reported that the building is scheduled to be completed in late November. Mrs. Howard Evans is chairman of the publicity committee, assisted by Miss Angeline Oberholtzer.

Mrs. A. P. Saunders is chairman of the membership committee, assisted by Mrs. S. Russell Ash, Mrs. Gustave Weber and Mrs. Robert Cowperthwaite.

Chairman of the hospital committee is Mrs. William O'Donnell and assistants, Mrs. W. E. LeGrande

A. C. Seawell to Speak At Doe Club Meeting

Mr. A. C. Seawell, administrator of Pottstown hospital, will address and show movies to members of the Doe club at their meeting tomorrow night at 8 o'clock in the Elks' home.

"You Are the Doctor" is the title of the movies which have been released by the American Hospital association and will take the audience behind the scenes and give them a glimpse of the inner-workings of a hospital.

It is reported to be a comprehensive picture of what happens from the time a patient enters the hospital until he is released. Following the movies, a business meeting will be held.

and Mrs. Edward S. Horn. In an address to the group of over 50 which attended, Mr. Snively stated that many trips were being planned for the children of the school including a trip to the Benjamin Franklin institute, to hospitals and farms.

Throat specialists report on

CAMEL MILDNESS

30-Day Test of hundreds of Camel Smokers revealed

NO THROAT IRRITATION DUE TO SMOKING CAMELS

In a recent test, hundreds of men and women all across the country smoked Camels—and only Camels—an average of one to two packages a day—for 30 consecutive days. Each week their throats were examined by noted throat specialists—a total of 2470 examinations—and these doctors found not one single case of throat irritation due to smoking Camels.
